Saragossa (Spain), February 2020

Dear Sir or Madam,

Next Friday, the 15th of May 2020, the Faculty of Law of the University of Saragossa (Spain) will held the **IV Workshop of predoctoral research in Law**, organised by the Academic Commission of the DPhil/PhD in Law Programme.

This activity is focused on graduate students and presents them the opportunity to disseminate their preliminary findings with the help of a poster. In addition, it is a good chance to connect with other researchers and exchange views on their investigations.

We would like to invite all students enrolled in your DPhil/PhD in Law programs to submit proposals to our Workshop. The distribution of this event among your graduate students would be very appreciated.

The link to the web page of the event, where you will find all information in English, is open for registrations until the 1st of April, 2020, and is as follows:
